

Pendle Tourism Officer & Walking Guides

The Clerk contacted Mike Williams tourism officer at Pendle and asked about grants for walking guides. Mike Williams stated that the Tourism Office had helped several Parish Councils to produce such guides. The help offered could be:

- Help with design work.
- If his team undertakes the design work the O/S licence fee will be covered by Pendle's licence.
- Half of the printing costs.
- Joint production with both organisation logos appearing on the finished publication.

He suggested that if more than three walks are envisaged a booklet will be more cost effective. The tourism team would be keen to see walks that would primarily be used by tourists and would like to see a beating the bounds walk and a town centre trail. His departments needs may not wholly conform to the original idea behind the walks but could possibly be utilised in some aspects of this project.
