

Report of the Clerk

- 1. Allotment Rents:** The Council has collected just over £1800.00 in the first two weeks.
- 2. Paperless Planning:** Late 2006 Pendle BC decided that paperless planning was the way forward and after consultation with the Parish Councils regarding IT requirements suggested that a pilot scheme with a £10,000 budget was to be set up. The aim was to try and introduce the system to the three largest Parish & Town Councils, Barrowford submitted a list of requirements some time ago. The final proposals have been greatly diluted and will involve approximately £1200 of Parish Council expense.
