**Agenda Item 10**

# Dicky Nook Christmas Lights:

Following deferring the decision on the Dicky Nook tree lights at the last meeting, Cllr Ashton and the Clerk met three representatives of the HRAG at Holmefield House and discussed the matter. The Group are willing to pay for the installation and costs of the lights and are aware that the lights will need to be replaced every four to five years at their expense.

With this understanding in place and given the urgency of ordering to allow time for installation the Clerk had discussions with Cllrs, Stringer Oliver and Nike and ordered the lights. The Council will pay the electricity costs through our unmetered account.

It is likely that this year will be the last time the globes are used as it is proving difficult to find the helpers needed to make and install the globes.
